

KAMALVEER SINGH

Full Stack Web & Mobile Software Engineer

Ludhiana, India | +91 78146 50362 | kamalhara7@gmail.com
Portfolio | GitHub | LinkedIn

SUMMARY

Full-stack web and mobile developer with a completed software engineering internship and public projects spanning React Native, Next.js, Node.js APIs, location-aware messaging, and open-source TypeScript tooling. Seeking an on-site software engineering opportunity in India.

TECHNICAL SKILLS

Languages	JavaScript, TypeScript, HTML, CSS, SQL
Frontend & mobile	React, Next.js, React Native, Expo, Tailwind CSS
Backend & data	Node.js, Express, REST APIs, PostgreSQL, MySQL, MongoDB, Firebase, Drizzle ORM
Tools & services	Git, GitHub, Clerk, Cloudinary, Vercel, Postman, Vitest

EXPERIENCE

Software Engineer Intern | Talmee Ltd | Feb 2026 - Aug 2026

Remote, part-time internship

- Contributed to web and mobile product features using React, Next.js, React Native, and Node.js.
- Built reusable UI and backend features and supported testing, debugging, deployment, and release work.

SELECTED PROJECTS

StateGlyph | Open-source React icon system

TypeScript, React, Next.js, CLI, Vitest | [Source](#) | [Docs](#)

- Released 31 typed interface-state icons with accessible labels, reduced-motion support, documentation, and a CLI that copies editable components into apps.
- Organized the system as reusable packages with framework-independent definitions, TypeScript checks, and Vitest tests.

Spotus | Location-aware social app

React Native, Expo, Firebase, Clerk, Cloudinary | [Project page](#)

- Built nearby and global room discovery, real-time conversations, and recipient-controlled direct-message requests.
- Connected geohash-based location queries, Clerk sign-in, media uploads, and push notifications in a mobile app prepared for internal testing.

Productify | Product directory

Next.js, Express, Drizzle ORM, PostgreSQL, Clerk | [Source](#) | [Live](#)

- Built authenticated maker workflows for creating and managing product listings, with public browsing and comments.
- Connected a responsive Next.js interface to an Express API and Drizzle/PostgreSQL data layer; deployed the frontend and backend.

EDUCATION

Bachelor of Computer Applications (BCA) | Gulzar Group of Institutes

Expected graduation: 2027
